"If you are a practice owner or practice manager in a 2013 practice, you've got to attend"

Attendees (October 2012) reported a
significant BOOST to their practice
after attending the Sydney workshop.

"It is always a pleasure listening to you - you're such a dynamic speaker and of course the content is always great and helpful. I think there are far too many vets that neglect just being human and having a balanced life. I always tell young graduates that we work to live and must never live to work. Few people ever lie on their death beds thinking: "Gosh, if only I spent more time at work..." – Angelique

"Hi Diederik, The course has been amazing. The downloads of great use. Thankyou. I have learnt so much and am implementing the ideas. Kind regards, Judith
